Optional Parent Comments/Notes:

PLEASE NOTE: This letter of intent is designed to assist ICA administration in building a list of returning families and potential applicants per grade level for the upcoming years, and due to state laws **any returning student who does not return the form by the deadline will need to reapply and will be subject to a potential lottery admission process. There are NO EXCEPTIONS to this rule.** This form is vital to our planning process, so we can ensure we have the right hiring in place for the growth each year.

According to Florida Statute, if we have more applications than we do available seats, we will conduct a lottery to fill available seats, and a wait list will be built from there. Preferences are included in our charter and will be available on our website prior to application period. This is a public, tuition-free charter school in Fort Pierce, offering a classical education model curriculum. Your enrollment in our academy is your acceptance of the policies set forth by our governing board.

Open Enrollment for Fall of 2023 (those who fail to return this form, or students who are not currently enrolled and will be new to ICA in 2022/23) will begin December 15th, 2022 and will close January 31st, 2023. Lottery will be conducted on February 1st, 2023. If you have a friend, family member, neighbor, co-worker, or others who will benefit from a small, tuition-free, didactic learning environment, please refer them to our website to learn more at www.icacharter.org where they can also apply directly.

TOURS AVAILABLE UPON REQUEST.
